## UKI International Challenge Event (I.C.E.)

- Run under UKI rules and regulations.
- A separate competition for each jump height at the event
- Both classes must be run by the same dog/handler partnership.
- A Jumping class & an Agility class with scores combined.
- Least faults win with time used as a tiebreaker in all aspects of event.
- In the event of an overall tie, the result of the Agility class will decide the Winner. If there is still a tie a run-off will be required on the last class run.
- Dogs must compete in the height they are running in the International Program at this trial where the I.C.E is being held.
- There are 2 levels: International (UKI International program level Senior & Champion) and Rookie (UKI International program level Beginner & Novice)
- The international level must run the Jumping class first, followed by the Agility.
- The Rookie level can begin with either class running first.
- Flexibility in course design level is down to the designing judge.
- Winning International partnership gains an invite to the 1-TDC North American Invitational and bye into the 2<sup>nd</sup> round of the US & Canadian National Championships.
- Winning Rookie partnership can choose to automatically move the dog to UKI Champion level and gains a bye into the 2<sup>nd</sup> round of the US & Canadian National Championship
- Classes will run in strict running order. Running orders will be randomly drawn for the first round of each class and will run in reverse order (seeded) for the second class.
- Running order conflicts to follow Masters Series Heat rules (refer to Masters Rules in the premium)
- Eliminations in first round will still progress to second round, with E's running random in the beginning of the RO for the second round.
- An elimination = 100 faults with a 60 second course time. An absent or NFC run = 1000 faults with a 60 second course time.
- A no show in either round will negate placing in the I.C.E including any awards or prizes.
- Clear rounds in either class will count towards the dog's International Program level progression.
- UKI reserves the right to rule at the event on anything not covered in these rules. Any amendments to these rules will be announced to competitors either in the confirmation information or general briefings.

### Canadian Masters Series Tournament Rules

The aim of the Masters Series is to encourage more competitive running in UKI classes and improve the overall standard of top level agility. The Masters has been created for dogs and competitors whose goal is to compete at both National and International level.

- The Masters is considered one class made up of 2 rounds: an Agility and Jumping round with results combined.
- Entry open to ALL dogs of all levels.
- Separate competition for each jump height.
- Running order for second round will be in reverse order of the first runs results. If a handler has 2 dogs entered within a jump height, they may move their first dog up so that there are as many dogs as possible between their dogs. If this is not possible, they will receive a 6 minute break. If a handler has more than 2 dogs within a jump height and the entry is not large enough for a large enough gap in between all their dogs, the first of their dogs drawn will be allowed to run in between a jump height change, if a jump height change is available before their height. If it is not, the final decision will be made by the judge and show manager, taking into consideration fairness to the competitor and other entrants in the Masters Class. Day of Entries must run first within the running orders of the first class. The second class must run in reverse order of placing from first class. Handlers must run for competition in both rounds to receive a combined score and be eligible for the Final, awards & prizes. The dog must run in the height that it will compete at in the Canadian Masters Series Final. The same dog and handler must run both rounds. Any extraordinary circumstances to be ruled by UKI.
- Cumulative scoring; dog with the lowest score wins. Faults converted into seconds (5 faults = 5 seconds) and time faults treated the same as course faults but converted on a 1:1 ratio.
- Winners in each height of the Agility round and the Jumping round qualify for the Masters Series Final. Even if an elimination is scored in either round.
- Eliminations will result in 100 faults with a 60-second course time. Therefore, dogs that score 320 cumulative and over will not be placed nor awarded prize money.
- A no-show or NFC in either class will result in a disqualification from the heat and therefore will not be eligible for individual class placement, overall placement or eligibility to qualify for the Final, and will be scored 1000 faults.
- If 1-5 dogs are entered in a jump height 1<sup>st</sup> & 2<sup>nd</sup> place from the combined scores of Agility and Jumping rounds qualify for the Canadian Masters Series Final at the Canadian Open. If 6 – 10 dogs are entered in a jump height 1<sup>st</sup> - 3<sup>rd</sup> will qualify, above 10; 1<sup>st</sup> – 4<sup>th</sup> will qualify.
- Prize money to be paid out to at each heat for the combined winners per the prize fund below.
- **In the event there is not a monetary winner within a height, the prize money will be sent to UKI to be added to the Masters Series Final.**
- Winners (1<sup>st</sup> place only) Overall of any Canada Masters Series Heat are also eligible to receive a bye into the Masters Series Final at the US Open (Florida). This can only be used at one of the Opens. If going to both events, 2 byes will be necessary.
- In the event of a tie for the combined results, the result from the Agility round will be the deciding factor. If there is still a tie, the dogs will compete in a run-off on the 2<sup>nd</sup> rounds course.
